⑤

Funding Approval & Enrollment

- Affin Bank i-Education Loan
- i-KWSP
- Scholarship (on availability)
- Self funding

WHY ADMAL?

DK 096(B)

(1193179-T)

Lowest Fees

Our academy offers some of the lowest fees in the industry, ensuring that aspiring pilots can pursue their dreams without financial strain. While maintaining high-quality instruction and safety standards, we prioritize accessibility, making aviation training available to a broader audience.

Experienced Instructors & Aircraft Fleet

- Our academy is proud to have a team of experienced pilots serving as instructors. Their expertise ensures that students receive high-quality, hands-on instruction that is both practical and in line with industry standards.
- Additionally, our diverse fleet of well-maintained aircraft is designed to cater to various training needs, allowing students to gain experience on different types of aircraft. This combination of experienced instructors and a robust fleet equips our students with the skills and confidence necessary to excel in their aviation careers.

Owned Facilities

We take pride in having our own Maintenance and Repair Organization (MRO) approved by the Civil Aviation Authority of Malaysia (CAAM). This ensures that our aircraft are maintained to the highest safety and performance standards. By having in-house maintenance capabilities, we can provide timely and efficient service, minimizing downtime for our fleet and enhancing the overall training experience for our students. We also outright own all of our aircraft fleet, without any lease or financing.

Providing Financial Loans

To support our students, we offer flexible loan options for tuition fee payments. Our goal is to provide you with the opportunity to pursue your dreams of becoming a pilot, ensuring that financial constraints do not stand in your way.

Relations with the Industry

We pride ourselves on maintaining strong relationships with key players in the airline industry. Our partnerships with various airlines provide our students with valuable networking opportunities and insights into industry trends and practices. Additionally, we often facilitate internships and job placement opportunities, giving our students a direct pathway to enter the workforce.

OUR FLEET.....✈
